INDEX. v Vol 64.

Actinic Action in the Dark 319
Air Brake, the Westinghouse 7, 293
Alloy to Unite Iron and Brass 7
Aluminium Coinage 209
American Association Meeting 304
Ammonia, Solvent Action of 88
Anthony, Wm. A. Remarks on Prof. E. J. Houston's paper, entitled "On the Nature of White Light" 403
Anthracene and Chrysogen, Fluorescent Relations of. By Henry Morton 269
Anthracite Coal Trade, Progress of 228
Automatic Gas Generator 372

Baker, C. H. Concerning Certain Details of the Bessemer Process 197
Beet Root Sugar, the Manufacture of 150
Belting Facts and Figures. By J. H Cooper 28, 173, 265, 343
Bessemer Machinery. By Alex. L. Holley 252, 391
Bessemer Process, Concerning Certain Details of. By C. H. Baker 197
Bibliographical Notices:—
The Nautical Gazette 286
On the Periodicity of the Auro a Borealis. By Jos. Lovering. Memoirs of the American Academy, New Series, Vol. X 286
Reports of Observations on Encke's Comet during its Return in 1871. By Asaph Hall and William Harkness. Washington Observations for 1870, Appendix II 286
Binocular Vision, Contributions to the Subject of. By Chas F. Himes 49
Blow-pipe, a Water 372
Boiler Explosion, a. By B. F. Isherwood, U. S. N. 401
Boiler, the Horizontal Tubular 222
Wiegand's Sectional, with Test of same 345
Bridge, Draw Span of the Davenport 5
Illinois and St. Louis 230
at South Street, Philadelphia The Employment of Compressed Air, &c. By D. M. Stauffer 320
Bromine, the Use of, in Analytical Chemistry 84
Brooks, David. Lightning and Lightning Rods 132
Brooks' Paraffin Insulator 300

Camphor, the Motions of, on the Surface of Water. By Jos. Henry 16
Canal between the Caspian and Black Seas 4
Navigation 223
Carbonic Acid, Dissociation of 125
Car Truck, a New 294
Centennial Exhibition 14
Centennial Exhibition, the. Letter of the Executive Commissioners 363
Chemical Theory of the Voltaic Battery. By J. P. Cooke, Jr 60

Circular for Furnace Makers and Others, a 85
Cleveland Lake Tunnel, the. Letter from Joseph McDonell..... 376
Coal-Cutting Machinery..... 371
Coal Cutting Machinery.....150, 224
Gas; its Influence on Vegetation..... 226
Waste, the Utilization of..... 152
Coals, Experiments on Heating Power of. By B. F. Isherwood.....31, 115, 178
Color-Changing Substances, a New Use for 87
Combination Frog, an Elastic..... 367
Combining Iron and Steel..... 151
Combustion in Compressed Air. Letter from Jas. B Eads, C. E. 375
Compressed Air in Tubular Foundations, and its Employment at the South Street Bridge, Philadelphia. By D. M. Stauffer..... 320
Compressed Steel, Whitworth's..... 370
Concerning Certain Details of the Bessemer Process. By C. H. Baker..... 197
Concluding Report of the Committee of the Franklin Institute on the Modes of Determining the Horse Power of Steam Boilers..... 91
Continuous Beams, Theory of. By Jos. P. Frizell.....39, 122, 171, 249
Contributions to the Subject of Binocular Vision. By Chas. F. Himes..... 49
Converting Wrought Iron into Steel..... 83
Cooke, J. P. Jr. The Chemical Theory of the Voltaic Battery..... 60
Cooper, J. H. Belting Facts and Figures..... 28, 173, 265, 343

Danger Signal, a New..... 79
Davenport Bridge..... 5
Delaware Marshes, Improvement of the..... 80
Description of the Wiegand Sectional Steam Generator, and Details of a Test of same. By W. Barnet Le Van..... 345
Diamond Drill in Coal Mining, the..... 80
Diaspore, a New Locality for..... 7
Disintegration of Metallic Tin, the..... 301
Dissociation of Carbonic Acid..... 125
Distilling Apparatus for Steamships, an Improved. By G. W. Baird 227
Draw Span of the Davenport Bridge..... 5
Dressing Grindstones, Turning Tool for..... 365
Drill, the Diamond..... 80
Dyeing Veneer Wood..... 285

Education of Engineers, the. By R. H. Thurston..... 17
Eads, Jas. B., C. E. Combustion in Compressed Air..... 375
Echoes in Public Halls..... 390
Editorial Correspondence:—
The Motions of Camphor on the Surface of Water. By Jos. Henry..... 16
On Steam Boilers. By Wm. M. Henderson..... 89
Technical News from Germany. By W. H. Uhland..... 157
Combustion in Compressed Air. By Jas B. Eads..... 375
The Cleveland Lake Tunnel. By Joseph McDonell..... 376
Effect of High Pressures upon Life..... 303
Elastic Combination Frog..... 367
Elevated Railroad, New York..... 402
Endless Wire-Rope Tramways..... 81
Errata 304
Estimating the Speed of Trains..... 7
Expansion Steam Trap, an..... 148
Experiments, New.....9, 299, 304
on Heat, Radiation, &c.....351, 407
on the Structure of Iron..... 296
on Various Coals of the Carboniferous and Cretaceous Periods. By B. F. Isherwood.....31, 115, 178

Flow of Water in Rivers and Canals, on the. By J. Farrand Henry..... 10
Fluorescent Relations of Anthracene and Chrysogen. By Henry Morton..... 269

Franklin Institute. Proceedings of Stated Meetings—
February 21st, 1872 74
March 21st, " 143
April 17th, " 287
May 15th, " 360
June 19th, " 424
September 18th, " 425
Frizell, Jas. P. Theory of Continuous Beams 39, 122, 171, 249
Furnace Makers, a Circular for 85

Galvanic Battery, a New Combination for 336
Gas Generator, Automatic 372
Gibraltar Straits, a Tunnel under the 348
Glass Plummer Blocks and Axle Bearings 302
Great Fires of the Northwest. By I. A. Lapham 48
Storms, Hurricanes, &c., of the U. S. By I. A. Lapham 210
Great Telescope, the 373

Hand Drill, a Self-Feeding 289
Harlem River Tunnel 225
Henderson, Wm. M., on Steam Boilers 89
Henry, Jos. The Motions of Camphor on the Surface of Water 16
Henry, J F., on the Flow of Water in Rivers and Canals 10
Heat, Radiation, &c., Experiments on 351, 407
Himes, Chas. F. Contributions to the subject of Binocular Vision 49
Hints on Mechanical Draughting for Apprentices. By J. Richards 166, 244
Horizontal Tubular Boiler, the 222
Houston, Edwin J. A Simple Phonautograph 9
On the Nature of White Light 184
A Sensitive Waterfall 274
Howard, D S. The Overflow of the Mississippi River 334
Holman, D. S. A New Life Slide 155
Holley, Alex. L. Bessemer Machinery 252, 391

Illustrations of Resonances and Actions of a Similar Nature. By Henry A. Rowland 275
Illinois and St. Louis Bridge, the 230
Improvement in Steam Engines and the Education of Engineers. By R. H. Thurston 17
Improvement of the Delaware Marshes 80
Improved Distilling Apparatus for Steamships. By G. W. Baird 227
International Patent System, an 229
Interesting Embankment, an 295
Influence of Coal Gas on Vegetation 226
Iron, Experiments on the Structure of 296
Iron vs. Steel 12
Iron and Steel, Tensile Strength of American and English 399
Isherwood, B. F., U. S. N. A Boiler Explosion 401
Isherwood, B. F. Experiments on Various Coals of the Carboniferous and Cretaceous Periods 31, 115, 178

Kipp Steam Engine, the 291

Lapham, J. A. The Great Fires of the North-west 46
List of the Great Storms, Hurricanes and Tornados in the U. S. 210
Leeds, Lewis W. Lectures on Ventilation 205
Lecture Experiment, a 9, 299, 304
Lectures on Ventilation. By Lewis W. Leeds 205
Lecture Experiment 304
Le Van, W. B. Test of a 60 H. P. Wiegand Steam Boiler 345
List of the Great Storms, Hurricanes and Tornados of the United States. By J. A. Lapham 210

Lightning and Lightning Rods. By David Brooks 132
Lime as a Preserver of Wood 371
Locomotives, a New Fuel for 153

Manufacture of Beet Root Sugar 150
Machinery Coal-Cutting 371
Maver, Alfred M. Weights, Measures and Coinage—International Standards 278
McClure, Robt. J., C. E. Experiments on Heat, Radiation, etc 407
McDonell, Joseph, Letter from. The Cleveland Lake Tunnel 376
Mechanical Draughting for Apprentices. By J. Richards 166, 244
Metallic Paper Hangings 371
Metals, Photo-Engraving on 11
Mineralogical—A New Locality for Diaspore 7
Notes 153
A New Locality for Aurichaleite ....
Mineralogical Notes 374
Mississippi River, Overflow of. By D. S. Howard 334
Microscopical—A New Life Slide 155
Photography 303
Morton, Henry. Fluorescent Relations of Anthracene and Chrysogen 269

Nature of White Light, on the. By Edwin J. Houston 184
New Form of Water Air-Pump 148
New Car Truck, a 294
New Steam Paving Tool 79
New Source of Potash, a 45
New Experiment, a 299
New Explosive Mixture, a 157
New Safety Lamp for Miners, a 297
New Use for Color Changing Substances, a 87
New Life Slide for the Microscope 155
New Fuel for Locomotives, a 153
New Method of Printing on Cloth 153
New Observations concerning Ozone 285
New Danger Signal, a 79
New Locality for Diaspore, a 7
New Material from Paper, a 301
New Forms of Stub Ends 81
New Combination for the Battery 336
New Process for Obtaining Ozone 302
New York Elevated Railroad 402

Owen, Richard. Terrestrial Magnetism 126
Oxidation of Sulphur by Ozone 88
Overflow of the Mississippi River, the. By D. S. Howard 334
Ozone, a New Process for Obtaining 302
New Observations Concerning 285
Oxidation of Sulphur by 88
Solubility of, in Water 88

Paper, a New Material from 301
Paper Hangings, Metallic 371
Patent System, an International 229
Paving Tool, a New 79
Photo Engraving on Metals 11
Photography, Microscopical 303
Potash, a New Source of 45
Printing on Cloth by a New Method 153
Proceedings of the Franklin Institute 74, 143, 287, 360, 424
Progress of the Anthracite Coal Trade of Pennsylvania 228
Puddling, Heating, &c., with Pulverized Fuel 337
Pulverized Fuel, Puddling, Heating and Melting with 337
Pump, a New Form of 148

Recording the Blows of the Steam Hammer 298
Railroad Cars and Engines, a Safety Shoe for 370
Report of Committee on the Rating of Steam Boilers 91
Discussion on same 377
of the Committee on Classification, of the Centennial Exhibition 14
Reproducing Drawings 78
Resonances, &c., Illustrations of. By Henry A. Rowland 275
Richards, J. Hints on Mechanical Draughting, for Apprentices 166, 244
Wood Working Machinery 25, 113
Rogers, Jos. G. Steam Boiler Water and Incrustations 161
Rotary Shaper, for Boring, Planing and Drilling Metals 217
Rowland, Henry A. Illustrations of Resonances and Actions of a Similar Nature 275
Rubber-Shaping with the File 302

Safety Lamp for Miners, a New 297
Safety Shoe for Railroad Cars and Engines, a 370
Scientific Meetings for the Year 1872 156
Self Acting Slide Lathe, Theory and Construction of. By Coleman Sellers 106
Self-Feeding Hand Drill, a 289
Sellers, Coleman. Theory and Construction of the Self-Acting Slide Lathe 106
Transmission of Motion 233, 305
Recording the Blows of the Steam Hammer 298
Sensitive Waterfall, a. By Edwin J. Houston 274
Separation of Silver and Copper 285
of Soda and Potash 12
Shaeffer, P. W. Progress of Pennsylvania Anthracite Coal Trade 228
Shaping Soft Rubber with the File 302
Shellac, a New Solvent for 160
Simple Phonautograph, a. By Edwin J. Houston 9
Soda and Potash, Separation of 12
Solubility of Ozone in Water 88
Solvent Action of Liquid Ammonia, the 88
for Shellac. By Isidor Walz 160
Spectroscopic Notes. By C. A. Young 349
Speed of Trains, Estimating the 7
Spheroidal State of Water 299
Stauffer, D. M. The Use of Compressed Air in Tubular Foundations, and its Employment at the South Street Bridge, Philadelphia 320
Steam Boilers. By Wm. M. Henderson 89
Concluding Report of Committee on the Rating of 91
Water and Incrustations. By Jos. G. Rogers 161
Engine, Improvements in the, &c. By R. H. Thurston 17
the Kipp 289
Steam Jacket, the 369
Jet, for Exhausting Air 8, 85
Paving Tool, a 79
Trap, a New 148
Steel, Converting Wrought Iron into 83
Stub-Ends, New Forms of 81
Stevens Institute of Technology 1, 75, 145, 220, 361
St. Gothard Tunnel 5, 78, 296
Sulphuretted Hydrogen as a Blowpipe Reagent 83
Sulphur, Oxidation of, by Ozone 88
Sugar, Manufacture of, from Beets 150

Telescope, the Great 373
Tensile Strength of American and English Iron and Steel, Report of Mr. F. B. Stevens Experiments at Hoboken, N. J 399
Terrestrial Magnetism. By Richard Owen 126
Tin, the Disintegration of 301
Tin Scraps, Utilization of 82
